

# HIGH SCHOOL FELLOWSHIP

TRIUMF ([www.triumf.ca](http://www.triumf.ca)) is Canada's national laboratory for particle and nuclear physics, located on The University of British Columbia campus. The laboratory supports a diverse program of world-class research in nuclear physics, particle physics, molecular and material science, applied technology, and nuclear medicine. In addition, TRIUMF acts as an infrastructure lab for international collaborations in subatomic physics all over the world.

The TRIUMF High School Fellowship includes a six-week summer work term at TRIUMF and a \$3,000 award upon completion of the work term. The fellowship offers an opportunity to BC secondary school graduates who have a passionate interest in science to experience a real-life research environment. It is intended to motivate them to pursue a career in the sciences, especially physics.
