January 15, 2018

TRIUMF’s Policy and Planning Advisory Committee (PPAC) now available

Dear Colleagues,

We would like to thank you all for your strong engagement in the consultation process for the TRIUMF Five-Year Plan 2020-25.

The response of the community to our call for proposals to Policy and Planning Advisory Committee (PPAC) has been overwhelming and PPAC reviewed 83 submissions during its November 24-25, 2017 meeting.

We would like to express our gratitude for this high level of engagement and we would like to thank all PPAC members for their tremendous efforts in reviewing the submissions.

PPAC submitted its report to TRIUMF on December 19, 2017 and after an initial review of the report, we are making the report available to our community.

It can be downloaded here (PDF).

The main messages TRIUMF is taking away from the PPAC report are:

- Prioritize ARIEL and IAMI as foundational for the future of TRIUMF
- Focus on the existing multi-disciplinary, high-impact science portfolio, including strong on-site and off-site components
- Make balanced investments into core infrastructure, science support, and selected new opportunities, to maximize the benefit from ARIEL and IAMI
- Position TRIUMF for its long-term future by further developing particularly promising new ideas without affecting the efforts on ARIEL and IAMI

The PPAC recommendations will be an important input into the development of the TRIUMF Five-Year Plan 2020-25.

Please stay tuned and engaged in the forthcoming consultation of the main strategic thrusts of the TRIUMF Five-Year Plan 2020-25. We’ll reach out with further information in the near future.

Dr. Reiner Kruecken

Deputy Director, TRIUMF
