## Call for Posters

TARA is looking for help in creating posters for the TRIUMF Working Groups Poster Session: a celebration of this community, past and present.

The posters should feature photos that focus on the people of TRIUMF, with minimal text. The goal of these posters is to spark discussions and connections between past and current employees at TRIUMF. There are many untold stories at TRIUMF – this is an opportunity to share those stories with the members of our community. Many legacy photos can be found at <http://archive.triumf.ca/gallery/>
