

ISAC Science Forum:

**Wednesday, February 1st, 2012 at 15:30
in the ISAC II Conference Room**

Agenda:

- * Matt Pearson, collinear laser spectroscopy on francium (S1010) and on neutron-rich rubidium isotopes (S1341)
- * Sebastian Raeder, in-source laser spectroscopy and photoionization of actinium
- * Jens Lassen, in-source laser spectroscopy and photoionization of astatine and radium
